

CVRP for Businesses, Nonprofits, Tribal Communities and Federal Entities

Introducing a unique opportunity for electric vehicle adoption

CVRP for Fleets is part of the **Clean Vehicle Rebate Project** and offers up to \$4,500 for the purchase or lease of new, eligible zero-emission and plug-in hybrid light-duty vehicles for **businesses, nonprofits, tribal communities and federal entities**. Sponsored by the California Air Resources Board, the program is administered by the Center for Sustainable Energy.

Application

All fleets must submit a CVRP application for each vehicle acquired. To begin the process, visit CleanVehicleRebate.org/eligible-vehicles.

Businesses, Nonprofits, Tribal Communities and Federal Entities

Businesses, nonprofits, tribal communities, and federal entities are eligible for one rebate per lifetime for up to \$4,500 per vehicle. The vehicles must be registered in the state of California, new at the time of lease or purchase and owned and operated in California for a minimum of 30 months. Original lease terms must be for a minimum of 30 months.
