

## Take the Road to Vehicle Savings

### Clean Vehicle Savings Programs

Stack up savings when you scrap and replace older, more polluting cars with cleaner, advanced technology vehicles. The greatest savings are available to lower-income households living in eligible disadvantaged communities who purchase or lease a new plug-in hybrid (PHEV) or battery electric vehicle (BEV).

### Scrap and Replace Program Eligibility

This program assists lower-income consumers in the San Joaquin Valley (SVJ) with purchasing **new** or **used**, fuel-efficient vehicles. This includes residents of San Joaquin, Stanislaus, Merced, Madera, Fresno, Kings, Tulare and portions of Kern county.

#### Eligibility Requirements

- ▶ Retire an eligible and operational vehicle
- ▶ Participate in a ValleyCAN Tune-In & Tune-UP event
- ▶ Purchase a vehicle that is eight years old or newer
- ▶ Added rebates are available to residents in eligible ZIP codes who purchase hybrid or electric vehicles.

SVJ residents  
save up to  
**\$4,500**

# Calculate Your Savings

## Step One: Household Size and Income

Find the number of people in your household and your household income to determine if you qualify. Income limits are set by federal poverty level (FPL) standards.

	Eligible Household Income*		
	A Up to	B Up to	C Up to
1	\$28,710	\$38,280	\$51,040
2	\$38,790	\$51,720	\$68,960
3	\$48,870	\$65,160	\$86,880
4	\$58,950	\$78,600	\$104,800
5	\$69,030	\$92,040	\$122,720
6	\$79,110	\$105,480	\$140,640
7	\$89,190	\$118,920	\$158,560
8	\$99,270	\$132,360	\$176,480

Note: For families/households with more than eight persons, add \$13,440 for each additional person. Federal poverty level is updated annually. The current levels can be found at <https://aspe.hhs.gov/poverty-guidelines>.
